

PRESENT: David Merry, Erik Lowe, Tim Barnett and John Powers

DWA'S: The application for James Ferry 16-80 was taken under advisement pending additional information. The application for Peter Fyler 1-9 was approved pending tax collectors approval. The application for Richard Dubin 1-33 was taken under advisement pending additional deep test hole, revised floor plans and tax collectors approval.

TITLE 5 INSPECTION REPORT FILED: Carl Alwardt 16-54

LANDFILL/REFUSE DISTRICT: The Board reviewed the Monthly LDO reports and approved the MVRRD mowing contract.

EMERGENCY MANAGEMENT: The next all Island EDS traffic planning meeting will be at the VTA building 3/11/09 at 6:30.

OLD/NEW BUSINESS: John reported on the DEP seminar he attended on Wednesday. One of the hot topics is the new regulations for Hydronic Heaters/Outdoor Wood Burning Boiler regulations. At this time the Board will only do enforcement by complaints for all existing units. Erik who was not at the last meeting was given a copy of the Public Health Regionalization Bill, the members were to review the law and discuss at the next meeting. The MDPH has proposed revising the Bathing Beach regulations; John has provided the Park & Recreation with a copy for there comments. MDPH has sent a copy of the 2006 Injury Surveillance Book, The Agent needs to provide DPH with a local training matrix, the Board member need to take Nims and ICS 700, John provided them with the on line training information. The Board reviewed the updated peanut product recall list for Massachusetts. A letter from the financial management team requesting that permitting boards check with the tax collector prior to issuing permits unless it is a health emergency or safety issue. The Board does not want to know what permits are being held for tax reasons and directed the Agent to handle this internally. A letter from Nancy Dole to the ZBA regarding the Dr. Breeze situation

PERMITS: Signed
