●To see if the town will vote to amend zoning bylaw Section 8.5-4 Swimming Pools by adding the language in bold italic:

A. Pools, General

4. In order to minimize noise impacts on neighbors, associated noise-producing pool equipment shall be located as far as possible from abutting properties, and at least the minimum required setback and shall be installed in a sound insulated enclosure. ***The enclosure does not require a roof as long as the walls are at least 5' high and are made of solid materials with no spacing (gapless). Additional sound insulation is not required if the walls meet the above requirements. [As an example—vertical 1" x 4" wood boards, gapless, are an acceptable sound insulation barrier.)***
